Executive Summary

Former White House cybersecurity advisor Paul Kurtz discusses the importance of information sharing, attribution challenges, and cybersecurity legislation in an interview at Black Hat. He highlights the need for improved public-private collaboration and introduces his new start-up focused on threat intelligence. The conversation underscores the evolving role of government in cyber defense and the need for legislative action to enhance collective security.

■ THREAT LEVEL: UNKNOWN

FOCUS: THREAT INTELLIGENCE & MITIGATION

Detection Measures & Mitigation

- ✓ Enhance public-private information sharing initiatives
- ✓ Advocate for comprehensive cybersecurity legislation
- ✓ Invest in attribution technologies and processes
- ✓ Evaluate emerging threat intelligence start-ups for organizational needs
